

MILITARY ROAD POINTS THIS WAY

Routes Mentioned From
Oklahoma City Outlined
by Ruidoso, N. M., Man.

That the prospects are excellent for the construction of a great military highway from St. Louis to El Paso is the word brought by Dr. S. M. Johnson, of Ruidoso, N. M., who is in the city for a few days attending to road matters.

Dr. Johnson has been invited by Col. W. H. (Colon) Harvey, president of the Ozark Trails association, to give an illustrated lecture on New Mexico at the Ozark Trails convention which meets at Miami, Okla., June 5, 6 and 7. According to Dr. Johnson, El Paso is a New Mexico town for all practical purposes except political, and he is here securing data for his illustrative work at Miami.

Two Routes Completed.
The Ozark Trails conventions are the greatest and most enthusiastic popular gatherings of modern times," said Dr. Johnson. The attendance at Oklahoma City and at Amarillo reached 10,000 and the Miami convention is expected to draw as large an attendance. The route from St. Louis to El Paso, which also runs through the White mountains, is the most direct and shortest route. It is now proposed to construct an extension from Oklahoma City to El Paso. Two routes are competing, one by Wichita Falls and along the Texas & Pacific railway, the other by Amarillo and Amarillo. Definite decision between these routes will be made in October. However, with the El Paso route, which will have El Paso's support.

Dr. Johnson reports that the contract for the construction of the Ruidoso valley road has been signed, estimated cost of \$15,000.

Instruct Police To Arrest All Idle Men Found About Streets

Police chief Charles Pollock was instructed by mayor Charles Davis and the city council Thursday to proceed at once to round up all idle men, well dressed or otherwise, found about the streets or loitering places of the city.

"There is a federal employment bureau which gives its services free," said the mayor. "If there are any men who do not desire to accept regular employment, we will arrest them as vagrants and use them on street work."

HELD ON VAGRANCY CHARGE.
Rosa Gutierrez, aged 21, was arrested on a vagrancy charge by city police Wednesday night. The arrest was made at a room at Juarez alley and Seventh street.

A WOMAN'S BURDENS

are lightened when she turns to the right medicine. If her existence is made gloomy by the chronic weakness, delicate derangements, and painful disorders that afflict her, she will find relief and emancipation from her troubles in Doctor Pierce's Favorite Prescription. If she's overworked, nervous, or "run-down," she finds new life and strength. It's a powerful, invigorating tonic and nervine which was discovered and used by an eminent physician for many years in cases of "female complaints" and weaknesses. For young girls just entering womanhood, for women at the critical time of life, in bearing-down sensations, periodical pain, ulcerations, inflammation and kindred ailments, the "Favorite Prescription" is the only medicine put up without alcohol—ingredients on wrapper. All druggists. Liquid or tablets. Tablets, 50 cents.

PAINLESSNESS IN DENTISTRY

The New System of Dentistry is entirely foreign to your old style dentist. It is a distinctly different method and form. Even such a standard piece of work as a plate has been entirely changed. The New System Plate or "Roofless Plate" is a very, very thin piece of rubber vulcanized hard on one side and soft on the other, weighing but one-fifth of the ordinary plate—with a free roof—allowing freedom of taste, speech and 100 percent better suction.

BRIDGE WORK under this system is made at about half the cost of the old style crown and bridge system—is sanitary and self cleaning the same as the natural teeth.

EXTRACTION is recognized as a surgical operation—it is done with the same care and caution as an appendix operation, by a trained medical expert who specializes in this work. All large city dentists send their extractions to a specialist in this line. It is only your small town dentist who "takes a chance" in this important field. Your specialist in this line is more PAINLESS, quick and satisfactory than is possible for the dentist who does all classes of work.

New System Dental Co.

In the oldest three story building in Texas.

The Old First National Bank Bldg.—now the American Bank Bldg., Cor. El Paso and San Antonio Sts.—opposite entrance to Hotel Del Norte—Entrance on San Antonio St.—204 1/2 South. Phone 924.—Hours 9:30 to 5:10—Sundays Mornings. Spanish spoken and lady attendants.

After Facts On Water Project Of S. W. Road

Dr. Johnson, Water User
From Ruidoso, to Confer
With Local Officials.

In order to ascertain the exact facts in regard to the reported proposition of the El Paso & Southwestern Railway company to appropriate the water of the north branch of the Ruidoso and carry it over the divide for a supply for the railway, Dr. S. M. Johnson, who owns 200 acres of irrigated land in the upper Ruidoso valley, in New Mexico, is here for a conference with the railway officials.

It appears that the railway company is short of water and desires to increase the supply. A dozen years ago, at an outlet of over \$100,000, a supply of pure mountain water was secured by the purchase of irrigated land in the Ruidoso stream, in the White mountains. This stream flows eastward and is joined at Ruidoso by the Ruidoso stream, which flows westward through the Ruidoso valley, on the Mesquero Indian reservation. The Ruidoso and the Ruidoso form the Ruidoso river, which flows eastward through Ruidoso and empties into the Pecos.

Settlers Protest Action.
Recently the railway company secured an order from the secretary of the interior to carry water from the Ruidoso river to the divide for the divide for its use. The water users of the Ruidoso and Ruidoso valleys are protesting this action, all the water having already been appropriated and there being none to spare, they claim. Senator A. H. Fall has presented the protest of the water users to the secretary of the interior. In addition to this action, individual owners have employed attorneys to protect their interests. Dr. Johnson stated that he is acting solely for himself in seeking the facts at first hand.

ENDORSES WORK OF WAR COUNCIL

President Wilson Wires
State Defence Council Re-
garding Meeting Here.

President Woodrow Wilson has given his hearty endorsement of the war conference called for El Paso tomorrow and next day. In a telegram to the state council of defense, at San Antonio, he says:

Washington, D. C., May 9, 1918.
State Council of Defense, San Antonio, Tex.

May I not express to the war workers of Texas my profound appreciation of the public spirit that has led you to call a war conference at El Paso on May 10 and 11. In our fight for the rights of free men the world-over, your efforts and the efforts of your fellow citizens are a vital factor. Your determination to perform the necessary labor and accept the necessary sacrifice and the like spirit which has now become manifest throughout our nation forms a striking world that our ideals of justice and humanity and liberty shall in the end prevail.

Conferences in Auditorium.
The conferences will be held in the courthouse auditorium and will be open to the public. Lieut. Parigord, French army; George Chandler, national council of defense, and Gray S. Ford, dean of the university of Minnesota, will be among the speakers. The second day will be given up to sectional conferences of local progress and needs.

All county defense council chairmen and coverers on war activities, committees from counties in southern New Mexico and west Texas county and city officers, labor officials, federal officers and educational heads are invited by the committee on public information.

NEW MAX CONFERENCE OF WAR WORKERS OPENED

Albuquerque, N. M., May 9.—A state wide conference of war workers, representatives of federal departments in the state and federal administrators in the state was opened here this afternoon by Charles Springer, chairman of the state council of defense.

Demi Los Angeles Woman Held At Her Own Wish Is Adopted Daughter

Advises received here from Los Angeles, Calif., Thursday said that Mrs. Daisy Edgley, 715 San Pedro street, that city, had asked police officers to arrest her, before she yielded to an alleged impulse to strangle her two baby girls. The woman claimed to be the mother of the two children, who were adopted by J. D. Foster, of El Paso 1920 Mundy avenue.

Denial came from the Foster home of the statement that Mrs. Edgley was an adopted daughter of Mr. Foster, who is the local manager of the Inland-land company. Mrs. Foster said that herself and husband knew a baby, who had gone to Los Angeles from here three months ago, and that she had adopted it. John Edgley, the husband, was reported to be in the navy in the canal zone.

WARTIME RECIPE FOR GRAY HAIR

How to Make an Inexpensive Mixture That Will Darken Strained or Faded Gray Hair.

Gray, streaked or faded hair can be immediately made black, brown or light brown, whichever shade you desire, by the use of the following remedy that you can make at home.

Simply get a small box of Oriz powder at any drug store. It costs only 25 cents, and no extras to buy. Dissolve it in one ounce of water and comb it through the hair. Full directions for use come in each box. You may also use Oriz in such a \$100.00 gold bond comes in each box guaranteeing the user that Oriz does not contain mercury, lead, zinc, sulphur, mercury, antine, coal-tar products or their derivatives. It does not rub off in mud, dirt or sweat and leaves the hair fluffy. It will make a gray haired person look twenty years younger.—Adv.

UPPER VALLEY IS COOPERATING

Water Users Name Com-
mittee to Help High Line
Canal Committee.

That the Mesilla Valley Water Users' association are in hearty sympathy with the work El Paso is attempting to do for a high line canal was demonstrated by the action of that body Wednesday afternoon in naming a committee of five men to cooperate with the El Paso committee.

Telephoning George R. Lellaron, chairman of the high line canal committee, Thursday morning, Percy Barker, a member of the board of directors of the Mesilla Valley Water Users' association, said: "At a meeting of the association Wednesday afternoon, we appointed a committee of five to cooperate with your El Paso committee. We feel that educational work may be necessary here and that it may be necessary to raise some money for the work, and we thought a committee advisable. We are in favor of the construction of the high line canal and will give every assistance to the work."

The high line canal committee of five was created by resolution of the El Paso chamber of commerce, which called for the appointment of one man from the upper valley, one from the lower valley, one representing the city of El Paso and two representing the chamber of commerce. The upper valley appointed George Clark as its representative and he attended the preliminary meeting of organization and was elected vice chairman. The appointment Wednesday of a committee of five from the Mesilla Valley Water Users' association is purely a committee of cooperation with the high line canal committee, to look after affairs in the upper valley. It is likely that a similar committee from the El Paso Valley Water Users' association will be named.

T. P. A. Lunch To Bring Out Trade Getters

Saturday, First Monthly
Luncheon Day, Directory
Will Be Boosted.

Saturday at noon the first monthly luncheon of post R. Travelers' Protective association, will gather at the Sheldon hotel. It is expected, many members and directors of that "drummers' body, which is engaged in carrying the trade news of El Paso to the commercial territory of the southwest. The luncheon will begin at 12:15, announcement by president W. C. Hepburn said Thursday.

One of the moves of the El Paso traveling men is the publication of a trade book to be distributed by the chamber of commerce, to contain an index of every wholesaler and manufacturer in this city and advertising pages. Traveling men will carry copies of the book to their customers about June 1, according to the plan. President Hepburn is using local business men to support the book financially. He explained that there is to be no profit to any one in the publication in charges, except to the printer, and his figures have been reduced to a minimum.

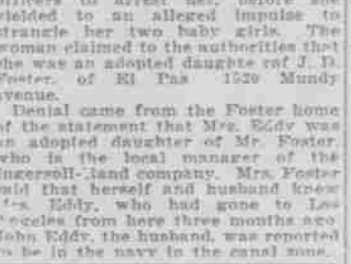

Hopes to Bring Cooperation.
Mr. Hepburn sent a letter to prospective advertisers today which said, in part:

"Business conditions in this city have demonstrated the necessity of the El Paso manufacturer and wholesaler increasing his business in our trade territory, and of extending the limits of the territory when possible. It is generally admitted that there has been a lack of cooperation in advertising the importance of this city as a jobbing and manufacturing center, and this even extends so far that our own dealers have no idea what other firms sell or manufacture."

"To further cooperation among ourselves, and for the purpose of revealing the business of the city in 'El Paso Business Directory' will be published to contain as far as possible the name of every jobber and manufacturer in this city, with a list of the articles in which they deal and manufacture. There are to be 10,000 booklets of approximately 120 pages, printed in the worst possible size, by nine inches in size, with a flexible cover. An index of all commodities will be furnished so that the 'have-see' can easily find the names of the different concerns selling the articles advertised."

FRANKLIN-CAMPBELL CORNER IS SOLD FOR \$25,000

John Sorenson has sold to H. W. Broadbent the east 62 feet of lots 1, 2 and 3, block 231, Campbell's addition, being Franklin and Campbell streets, for \$25,000. To be used for a residence, the consideration being partly represented by 150 acres of alfalfa land in the upper valley transferred by Mr. Broadbent to Mr. Sorenson.

TWO COTTAGES TRADED.
C. W. Harlow has traded to Ben

Edwards, deputy county clerk, a six room cottage on lot 12 and the south 12 feet of lot 14, block 41, Alexander addition, for a similar cottage at Long Beach, Calif., each cottage being valued at about \$7500.

GETS FINE 0' \$25.
L. T. Thornton, charged with vagrancy, arrested in connection with the assault charge lodged against W. M. Appell, was fined \$25 by Judge Ben Jenkins of the corporation court, Wednesday afternoon. Appell is being held by the county authorities.

Climate Here Attracts Man; Buys Property

Ohio Man, a Visitor Here,
Pays \$50,000 For Old
Howard Homestead.

A. R. Garver, a lumberman and manufacturer of Tippecanoe, Ind., Ohio, has closed a deal, through McKee Bros., for the old A. A. Howard home, corner Mesa and Missouri, for \$50,000.

Mr. Garver came here this winter with Mrs. Garver and their daughter, Mrs. R. N. Hayward, and liked El Paso so well that he decided to invest here. He made visits about this city, to the dam, into the upper and lower valleys and round about, until he convinced himself of the bright outlook for the future of El Paso. Then he made the investment and contemplated erecting an apartment house upon it some time in the near future. Mrs. Howard has recently been joined here by her husband, and they are as well pleased with El Paso that they will remain here.

The property which Mr. Garver bought was purchased by the late A. A. Howard for \$2000 a number of years ago.

Remarkable Rise in Value.
The remarkable increase in value for the property, said C. D. McKee, "shows that El Paso real estate is worth investing in. While Mr. Howard and his family made their home there the property was steadily increasing in value, until it brought more than 16 times what it originally cost them."

"We consider this one of the best corners north of the tracks, being an ideal place for some large future business or family hotel. This shows to us, too, that the eastern eye is being constantly turned toward El Paso real estate, and that they have perfect confidence in the future advances which are sure to come."

WHAT IS U. S. FIGHTING FOR?

This and Other Questions
To Be Answered Tonight
at Trinity Church.

"What is America fighting for? How should we support the president? What can the churches do to help win the war? How can we build up the community morale for the absolute extermination of Prussianism?"

These questions will be answered by Dr. Sidney L. Gulick and Dr. George Nasmith tonight at Trinity Methodist church at 8 o'clock. Dr. Nasmith and Dr. Gulick represent a nation wide campaign instituted by the Federal Council of Churches in America to bring home to church people, especially, the duties demanded by the present crisis. Representative Taft is speaking in the eastern states for this campaign. Sir George Adam Smith has crossed the Atlantic from England to take part. Hamilton Holt, of the New York Independent, is in the movement. Many of the most prominent religious leaders in America are devoting all their time this spring to this moral aims campaign.

Speakers Travel in Pairs.
In New York and Philadelphia enormous crowds gave the campaign a great send off. In Cleveland the federated churches organized a series of meetings and agreed to be the greatest that the churches in that city had ever known. All over the land men traveling two by two are bringing the American people to a deeper realization of the meaning of the war.

No Money; No Joining.
There will be no collection taken or subscriptions solicited. There is no attempt to get anyone to join anything. It is merely a great campaign to strengthen the morale of the country, and to ring out the message of Americans of world idealism in the great crusade in which we bear so important a part," said Rev. Dwight Bradley today.

The ministers of the city will sit upon the platform. The meeting is sponsored by the churches of El Paso and the Ministerial Alliance, together with the Jewish synagogue.

DR. JOHN DYSPORT GIVES \$5000 BOND IN TWO CASES

Dr. John Dysport furnished two bonds, \$1000 and \$1000, respectively, Wednesday afternoon on indictments returned by the grand jury in the 24th district court, one alleging abortion and the other setting up an alleged murder by abortion, the alleged victim being Mary Francis Falls, 18 year old wife of a soldier.

Bond on the second charge was agreed on following filing of a habeas corpus application on Dr. Dysport's behalf. The bonds were furnished through local bankers.

FORMING BRIGADIER DISTRICT

Land owners of the district around Tornillo in the lower valley hold a meeting at 10 o'clock Friday morning at Tornillo, when it is expected to make definite plans for the formation of an irrigation district, similar to those already formed in the valley.

The new steam-treatment for pale, sallow skins

When your skin is pale and colorless—"pasty." It means that your pores are clogged and unable to throw off all the waste matter that they should.

One night a week try this treatment. Fill your basin full of hot water—almost boiling hot. Bend over the top of the basin and cover your head and the basin with a heavy bath towel, so that no steam can escape. Steam your face for thirty seconds. This opens the pores wide, stimulates the tiny blood vessels of the face and brings the blood to the surface.

Now lay a hot cloth with Woodbury's Facial Soap. With this wash your face thoroughly, rubbing the lather well into the skin in an upward and outward motion. Then rinse the skin well, first with warm water, then with cold, and finish by rubbing it for thirty seconds with a piece of ice. This closes the pores and makes the skin firm in texture.

If you have a good color use Woodbury's Facial Soap nightly for general cleansing. This treatment, however, is intended only for pale, sallow skins.

After the very first time you have used it, your cheeks will begin to show a fine new color. The other six nights of the week, cleanse your skin thoroughly in the usual way with Woodbury's Facial Soap and warm water.

A 25c cake of Woodbury's Facial Soap is sufficient for a month or six weeks of the steam bath treatment and nightly cleansing. Get your cake today. It is on sale at drug stores and toilet goods counters everywhere throughout the United States and Canada.

Or write today for a week's size cake

For 5c we will send you a cake of Woodbury's Facial Soap large enough for week of this treatment. With the soap we will send our booklet, "A Skin You Love to Touch," which contains the scientific treatments for many of the ordinary skin troubles. For 12c we will send, in addition, samples of Woodbury's Facial Cream and Facial Powder. Write today! Address The Andrew Jergens Co., 1558 Spring Grove Ave., Cincinnati, Ohio.

If you live in Canada, address The Andrew Jergens Co., Limited, 1558 Sherbourne St., Perth, Ontario.

BANKING BY MAIL EL PASO BANK & TRUST COMPANY.

A safe and convenient way to do your banking. We give special attention to accounts sent to us through the mails.

Our free booklet "Banking by Mail" explains our method of handling savings accounts and checking accounts by mail. A post card will bring it and you will be under no obligation. We operate under the guaranty fund law of the State of Texas.
